RORIK

BYPASS

A completely customizable frameless glass sliding shower door enclosure hardware system with industry-leading adjustment features both during and after installation. Compliant with commercial ADA opening requirements.

FEATURES

- Configurable for 36" clear openings for ADA Roll-In and Transition compliance.
- ADA compatible door pull force at full panel weight.
- Fast and easy installs with the Tru-Level™ system, providing a full 1/4" vertical and lateral adjustment at all mounting points.
- Easily set and readjust door travel on site, even after install.
- High precision bearings provide silent and smooth door travel.
- Designed in Portland, OR. Proudly Made In The USA.
- 10 year commercial warranty.

SPECIFICATIONS

- Compatible with shower enclosures up to 6'6" wide.
- Track lengths available up to 12' (142") for custom configs.
- Tracks are cut on site to accomodate specific opening width.
- Easily modify track length on site with common tools.
- Compatible with 5/16" to 1/2" glass thickness.

WHAT'S INCLUDED

- 2 x track system with all necessary mounting hardware.
- 4 x door stops.
- 4 x trolleys with all necessary door mounting hardware.
- 2 x door bottom guides.
- Glass and door pulls are not included.

Visit our website for all compatible options and add-ons.
