

Krownlab products are offered on the condition that Krownlab's [Terms & Conditions](#) are accepted in full without modification.

Krownlab products have been designed and manufactured for the specific use designated within their accompanying instructional materials, and may not be modified, copied, or reproduced.

Normal Operating Product Performance

For all Krownlab products, performance under normal use over time can include, but is not limited to, stainless-steel and mild steel corroding; aluminum, brass and bronze oxidizing; rubber door stops and floor guides wearing out; Flat Tracks forming sharp edges and slivers; operating friction increasing; bearings weeping lubricant; ball bearings and cages making a sound during operation. Normal Operating Product Performance is not covered by Krownlab's Product Warranty.
